

# Turn Your Arrows into *Lightning Bolts*

## Terminator Outfitter

**Lightweight Stock Design** Modeled after the finest firearms for natural shouldering and aiming

**Advanced Trigger System** Offers crisp, smooth trigger with consistent pull and virtually no travel—allowing every shot to be accurate

**Teflon SpeedTrack** Improves efficiency and eliminates string serving wear

**Auto Safety System** High-Tech Safety engages automatically when the crossbow is cocked

**Anti Dry-Fire System** Prevents the crossbow from firing unless arrow is loaded

**Integral Scope Mounting System** Built in scope mounting eliminates concern over loose scopes or mounts

**High Performance Limb Design** Designed to produce optimum levels of speed and power – 320 feet per second

**PARKER**  
CROSSBOWS

**\$549.95 msrp**
